Subject: Air Vent, Inc. v. Vent Right Corporation
Case No. 2:08-cv-146-TFM (U.S. District Court Western District of PA)

To Whom It May Concern:

On January 31, 2008 Air Vent, Inc. filed a lawsuit against the Vent Right Corporation in the United States District Court for the Western District of Pennsylvania. The lawsuit asserts that Vent Right's activities regarding the product it has commercialized under the designation "Breasevent," constitute infringement of certain patents owned by Air Vent, which relate to its ridge vent products. In accordance with the complaint filed in the lawsuit, a copy of which is available upon request, Air Vent seeks, among other remedies, a permanent injunction ordering Vent Right to permanently cease any infringing activities.

It is Air Vent, Inc.'s and Gibraltar Industries' intent to vigorously defend our intellectual property.
